May 26, 2016

We had a very small turnout of only 7 members for Gary Simas' last meeting as interim President.

Curb Painting (5/20) - Hilding Larson, Doc Steele and Jim Dorf painted the red curbs on 2 blocks of Pacific Street. Another session will be scheduled on June 11th or 18th.

Key Club Installation (5/26) - Diana Meyer installed the President and V-P of the SLOHS Key Club for the coming year. She also uninstalled the current President. Other members of our club who attended were James Shammass, Doc Steele, and Bob Alderman.

Joke- Doc Steele told us the difference between a vulture and a Jewish mother.

Fines & Happy Bucks- Gary Simas did double duty as the fine master. Secret Greeter Jim Nielsen was not shunned by anyone. Rich Carsel paid for passing on the inspiration and his grandson's high school graduation. Gary gave for missing the Key Club Installation.

Program- Our speaker was Natalie Riloquio of the American Cancer Society. The Society funds programs for cancer prevention, research, and patient services such as free transportation for medical reasons, free wigs, and a 24 hr information hotline. 74% of moneys collected go for these things, while about 26% goes for fund raising and administration. Natalie is drumming up support for a "24 hour Relay for Life" which is actually a 5 kilometer walk during SLO's Farmer's Market on July 14th from 6-10pm.
