**Fines & Happy Bucks-** Gary Simas did the extraction. Roger Jump gave big bucks for singing at his daughter Courtney's wedding. Ralph Battles, who was late, also gave for this. Fine free Bob Alderman eluded having to pay for his new car but Hilding Larson got hit for not telling Gary who was fine free and Doc Steele was also hit for being the ratee. Mike Murphy enjoyed how Bob played Gary during the process. Milt Batson will be batching it for a week. Gary Simas bought his son's advertising baseball cap back. Dale Winslow was late for the soap box.

**Program-** Our speaker was Glenn Pomeroy of the CEA (see above). He said there is a 99% chance of a 6.7 magnitude earthquake in California in the next 30 years and that less than 10% of Californians have earthquake insurance. There are 2000 known faults in the state. The CEA is a non-profit corporation formed about 10 years ago to work with companies that offer homeowners' and renters' insurance to offer more flexible earthquake insurance plans than those that previously existed. This has resulted in more coverage choices, more deductible options, more incentives to retrofit older houses, and lower rates.
