

KIWANIS NEWSLETTER

Nov. 2, 2017

Prez Hilding seemed fully recovered from his shoulder injury. There were no guests.

Board Meeting (11/1)- (1)- We changed the troop parcel procedure to having members agree to be billed \$20.00 for parcels or make out a check for \$20.00 to the San Luis Obispo Kiwanis Foundation and have Si Tennenberg's group do the actual mailing. (2)- We donated a tri-tip BBQ to CCFC to be auctioned off at their dinner on 12/1. (3)- Doc Steele will be the interclub chairperson.

Adoption Agency BBQ (10/28)- We fed over 150 people at the annual SLO County Social Services luncheon. Thanks to Jerry Lenthall and Bill Fieldhouse and all the worker bees that volunteered their time.

Youth Activities- Key Club V-P Nicole performed 22 hours of service last month. There were 16 members at the meeting on 11/1. The Builders Club is working on the Laguna school garden and making emergency kits for the school classrooms.

See's Candy- Checks may be made out to the SLO Kiwanis Foundation. Deadline for orders in Nov. 16th.

Club Foundation- George Petty and Ben McAdams are heading up the fundraising for this. DeTolosa awards are available for members contributing \$1000 or more.

Fines & Happy Bucks- Gary Simas did the honors. Lynn Cooper forgot to tip the purveyor of his ice tea but did put in a plug for Kiwanis in his real estate agency mailer. John Durant was late. Doc Steele started the patriotic song on too low a note. Hilding Larson and Rich Carsel were hit for giving tax advice without a license. Diana Meyer paid for conducting a private meeting. Bill Fieldhouse's assessment for his Honor Flight was paid for by Jim Irwin but Bill had to pay for his SLO Public Works hat earned by curb painting. Dick Riggins was happy with his new meat thermometer. Jim Nielsen passed his driving test but was hospitalized for several days with a diabetic problem.

Joke- Leslie Cone scored with a funny about a woman with 4 husbands.

Program- Gary Simas described the restoration of his 1926 Dodge, originally bought by his father in 1930 for \$320. He showed slides of the original registration, what the car looked like in the 1930's and 40's, and the "parts car" he brought from Pennsylvania to replace the body of the car. While the engine was in fairly good shape, it took Gary about 3 years to restore it with help from body and upholstery shops in the area.
