

Kiwanis Club of San Luis Obispo
Newsletter for meeting of September 20, 2018

Our fearless reporter, Doc Steele was not in attendance so this poor excuse is submitted by President Hilding.

Leslie Cone was drawn to lead the pledge, but she was not in attendance. Someone said they knew the words and lead us off.

Dr Ben got the song off to a reasonable start and we finished pretty well, but the middle section showed the typical lack of quality of Kiwanis members singing a song we have sung for many years.

Diana saved the day with an inspiring message.

The satellite club met on Tuesday and had 5 members present. A list was preserved for Milt how has not been with us for 3 weeks.

Roger Jump reminded us of our visit to Mind Body on Thursday, Oct. 4. If you have not signed up yourself and guests, be sure to see Roger this week or email him so we ccan have a sandwich for you.

Next week, Sept 27, will be the installation of officers by our Lt Governors, Steve Click and Norm Cone.

Roger Jumps old joke brought mostly groans, and Larry Meeks entertained us with his soapbox.

Our program was Carlyn Christanson, a current SLO City council member who is running for re election. She told us about many programs, buildings and events happening around our town.

Bob Alderman did not find the Ace of Spades, so the reward will be \$115.00
