

KIWANIS NEWSLETTER

Sept. 13, 2018

Guests- Mike Murphy brought his wife Kathy. They will be heading off to Europe and then Mexico. Nick Anthony, an uninducted co-conspirator, is still waiting for his installation as a new member.

Satellite Meeting (9/11)- This was attended by McAdams, Filipponi, Rodman, Braun, and Craven.

Board Meeting (9/12)- George Petty asked to be removed from the board as he will be out of town frequently. New members of the board will be enlisted. The visit to Mind Body (see below) was discussed. There were no donations made.

Mind Body Visit (10/4)- This is an opportunity to invite visitors and potential new members. This will replace the regular meeting and the costs will be the same for a lunch provided by SLO Provisions. There is a choice of 4 entrees. Sign-up sheets will be circulated at the next 2 meetings.

Key Club- 13 students attended the meeting on 9/12. A DCM was scheduled on 9/15 to make doggy chew toys for sheltered animals.

Joke- James Shammass scored with a basketball coach's view on ignorance and apathy.

Soap Box- Mike Murphy told us about his 6-month experience living in San Miguel Allende, Mexico. This city of 170,000 people includes 10,000 American ex-pats. It is in the mountains and has a climate very similar to SLO. It has narrow streets without traffic lights or stop signs but everybody is low key so there is little road rage. The cost of living is a lot lower than in SLO and the medical care is less expensive.

Thank You Note- We received a thank you from the Fellowship for Christian Athletes for our \$500 donation toward their All-Star high school football game. They raised a total of \$122k for high school athletic programs in the area.

Fines & Happy Bucks- Gary Simas was the extractor. Prez Hilding paid for Nick Anthony's non-induction. Mike Murphy gave for his wife's B-D and there having no Yugos in Mexico. Gary Simas paid for forgetting the board meeting. James Shammass was fined for last week's joke.

Program- Our speaker was Erica Stewart, director of Student and Parent Philanthropy at Cal Poly, and a candidate for SLO City Council. She is also President of the Cal Poly Alumni Assn. She has worked with the homeless and the United Way. She is in favor of Alternate Dwelling Units but not small houses on wheels. She feels developers should have to build a higher percentage

of affordable houses in their projects than is currently required. She also feels we need better local mass transportation.
